ABOUT QUICK TRADE

QUICK TRADE is a portmanteau of the words foreign [currency] and exchange. Foreign exchange is the process of changing one currency into another for various reasons, usually for commerce, trading, or tourism.

The foreign exchange market is where currencies are traded. This international market's most unique aspect is that it lacks a central marketplace. Instead, currency trading is conducted electronically (OTC). This means that all transactions occur via computer networks among traders worldwide rather than on one centralized exchange.

About Company

We are much more than a stock trading school, we are a group of traders empowered to make money and help in the financial wellbeing of others

QUICK TRADE

QUICK TRADE Academy is an initiative for the young generation interested in making more, willing to step forward and be free from financial situations. We provide knowledge based on self-learning, experience, and theoretical implications on the market. In general, trading is considered a business not suitable for everyone, but this is just a hoax which we clear by letting you learn about the strategies that can provide a good profit.

COMPANY GOAL

Our goal is to provide the right education to the investors and traders before they start actual investment. Through our structured programs we want to change the myth (“Stock Market is a gamble”) about stock market in India.

QUICK TRADE

With limited class size of 6 people we train our students through professional trader and mentor on a trading floor which is equipped with advanced trading tools, fast connection and latest live case studies.

We create amazing results for our (growing) list of pioneering clients. We're not just an agency, we're a trusted partner.
